vaishnavi-mate

SKILLS

- Programming : Java, JavaScript
- Frontend : HTML, CSS, Bootstrap
- Backend : Node.js , Express.js
- Core : Data Structures & Algorithms
- Tools : Git, GitHub, Microsoft Excel (Pivot Tables, Basic Formula

EDUCATION

- Electronic & Computer Engineering | Shreeyash College Of Engineering & technology — CGPA: 8.4 | (Aug ‘ 23 - Jun ‘27)
- XII (HSC) | Matyodari College, Ambad — 54.0% | 2023
- X (SSC) | Sukhapuri HighSchool, Sukhapuri — 85.60% | 2021

PROJECT

Virtual Assistance :

- Developed a browser-based virtual assistant using HTML, CSS, and JavaScript that accepts user commands and performs basic web-based tasks with an interactive interface.

Chatbot :

- Developed an AI-based chatbot using Python that processes user queries and generates real-time responses using NLP techniques.

Spotify Clone:

- Designed a responsive front-end music player using HTML, CSS, and JavaScript that enables users to browse and play songs with interactive UI controls.

Automatic Plant Watering System:

- Developed an IoT-based irrigation system using soil moisture sensors and microcontroller to automatically monitor soil conditions and control water supply.

Smart Bus Tracking System:

- Built a GPS-based tracking system using embedded hardware to capture real-time location data and display bus position for improved transport monitoring.

Experiance

Software Developer Intern | Flair Byte, Pune — (May ‘25 - Jun ‘25)

- Actively involved in coding, debugging, and testing software applications to improve performance and reliability.
- Collaborated with team members to identify bugs and implement optimized solutions.

Smart India Hackathon Participant :

• Collaborated in a team to design and develop a Learning Path Dashboard that helps users track progress, organize learning goals, and visualize their skill development.

ACHIEVEMENT

Full Stack Web Development –

Completed training covering frontend (HTML, CSS, JavaScript), backend (Node.js, Express.js), and database concepts.

Alpha (DSA with Java) Cource –

• Completed a structured course covering Data Structures and Algorithms using Java.

Smart India Hackathon –

• Participated in a national-level hackathon, developing a Learning Path Dashboard solution.
